I. Background

The East 12th Street neighborhood conservation combining district (NCCD) is a zoning tool to implement East 11th and 12th Street Urban Renewal Plan (URP). An NCCD for East 11th Street has already been adopted by the City Council. This NCCD will modify provisions of the City's land development code, customizing development standards to meet the needs of East 12th Street.

Approvals. The 4th proposed amendment to the URP and associated NCCD were approved by the board of the Austin Revitalization Authority. The Urban Renewal Board also approved the amendment and draft NCCD, with the exception of sections IV.C and IV.D below related to conditional uses and the drive through accessory use. On these two items the Urban Renewal Board took no position.

On July 24, 2007 Planning Commission approved the draft NCCD with an additional recommendation that the rear yard set back for properties in subdistricts one and two be a vegetated setback.

On January 17, 2008 City Council postponed action on Tracts 9 and on 1425 E. 12th Street, but held a public hearing and approved draft NCCD on first reading for the remainder of the area. At that time the City Council did not approve the additional recommendation from the Planning Commission that the rear yard set back for properties in subdistricts one and two be a vegetated setback.

II. The NCCD and Neighborhood Plans

The E. 12th Street NCCD falls primarily in the Central East Austin Neighborhood Plan. One block, Tract 10, is within the Chestnut Neighborhood Plan and one block, Tract 18, is within the Rosewood Neighborhood Plan. The Chestnut and Rosewood neighborhood plans are in accord with the Urban Renewal Plan and the proposed NCCD for E. 12th St. Where there is disagreement with the Central East Austin neighborhood plan, the neighborhood plan's future land use map will be updated to reflect the land uses called for in the Urban Renewal Plan.

III. Boundaries

A. District boundaries

The boundaries of the E. 12th Street NCCD are generally described as those lots facing East 12th Street from IH-35 and Branch Street to Poquito Street. See attached map.

B. Subdistrict boundaries

The East 12th Street NCCD is divided into three subdistricts:

1. Subdistrict 1
 - North side of East 12th Street from IH-35 to the northwest corner of Olander
 - Tract 1

- 2 Subdistrict 2
 - North side of East 12th Street from northeast corner of Olander to Poquito,
 - Southwest and Southeast corners of Comal and East 12th Street
 - South side of East 12th Street between Comal and Poquito
 - Tracts 2-10, a portion of Tract 15 and tracts 16-18
- 3 Subdistrict 3
 - South side of East 12th Street between Branch and Comal (excepting the southwest corner of Comal and East 12th Street).
 - Tracts 11-14 and a portion of Tract 15.

IV. Land Use Regulations

Except as specifically provided by this plan, the land use regulations of the City Code apply to the East 12th Street NCCD. If applicable, the requirements of the East 11th and 12th Street Urban Renewal Plan apply to the East 12th Street NCCD. In the event of a conflict the more restrictive requirement applies.

A. Permitted Uses

Unless otherwise specified, uses are permitted as allowed by the base zoning district or as modified by the mixed-use combining district.

V. Building Site Development Regulations

A. General Site Development Standards

General Site development standards in the NCCD conform to the base district zoning, except where otherwise noted.

B. Compatibility Standards

Article 10 (Compatibility Standards) of the City Code does not apply to properties in the East 12th Street NCCD. The properties must comply with the setback and height requirements specific to their subdistricts as set forth Section V. C. and Section V. D of this plan

C. Setback Requirements

Setback requirements are determined by subdistrict.

- Subdistricts 1 and 2
 - Front setback – 0 feet
 - Side street yard setback – 0 feet
 - Interior side yard – 0 feet

- Subdistrict 3
 - Front setback – 15 feet

- Subdistrict 1 – 60 feet
- Subdistrict 2 – 50 feet
- Subdistrict 3 – 35 feet

E. Impervious Cover:

The allowable impervious cover is determined by subdistrict

- Subdistricts 1 and 2 – 90% (95% in instances where participation in the Regional Stormwater Detention Program is not available and the developer provides on-site detention)
- Subdistrict 3 – 80%

VI. Other Site Development Regulations

A. Parking Requirements

On all tracts in the NCCD, parking requirements are based on the lesser of 80% of that required by the appropriate schedule of the Land Development Code (LDC) or determined by a shared parking provision approved by the City of Austin

B. Exterior Lighting

All exterior lighting must be hooded and shielded so that the light source is not directly visible across the source property line. At the property line the lighting may not exceed 0.4-foot candles.

C. Building Façade Design

The façade of a building may not extend horizontally in an unbroken line for more than 20 feet, it must include windows, balconies, porches, stoops or similar architectural features, and must have awnings along at least 50 percent.

D. Landscaping

Landscaping is required unless the street yard is less than 1,000 square feet in area. Landscaped islands, peninsulas or medians are not required for parking lots with less than 12 spaces.

E. Fencing

Fences up to 8 feet in height are allowed along the back and sides of properties which face East 12th Street, or are adjacent to properties which face East 12th Street

VII. Additional Site Development Requirements for Parking Garages

A. Requirements for all parking garages

1. Parking garages that front both E. 12th Street and a side street must use the side street for access to the parking structure, unless determined by the City of Austin at the time of site plan approval, to be infeasible
2. For a parking structure (or garage) shielding must be provided for headlights and interior lights on the 100% of the rear of the structure and for at least 50% of the sides of the structure. ~~The shielding on the sides of the structure should be placed as much toward the rear of the structure as is possible~~
3. Overnight parking is limited to residents and their overnight guests

at least most 50% of the sides of structure

- B. Requirements for parking structures less than 30' in height. For structures of two (2) stories but less than 30' in height, 75% of the ground floor front footage which fronts E. 12th Street must be a pedestrian oriented use at 15' in depth. If parking garage access is from E. 12th Street, and it requires more than 25% of the available frontage, the side of the building may be used to meet the additional space required to meet the minimum requirement for pedestrian oriented uses, as defined in section VII D below. Structural pillars are not included in the calculation of available frontage.

Example A 25 foot tall parking structure at the corner of Waller and E. 12th Street with 100' of frontage on E. 12th Street would be required to provide 75 feet of frontage for pedestrian oriented uses. If access is taken from E. 12th Street with a width of 30', an additional 5' of frontage on Waller street could be used to meet the minimum requirements.

- C. Requirements for parking structures 30' or higher. For structures of two (2) stories or more, or 30' or greater in height, 100% of the ground floor front footage which fronts E. 12th Street must be a pedestrian oriented use at 15' in depth. If parking garage access is taken from E. 12th Street, the side of the building may be used to meet the additional space required to meet the minimum requirement for pedestrian oriented uses, as defined in section VII D below. Structural pillars are not included in the calculation of available frontage.

Example A 30 foot tall parking structure at the corner of Waller and E. 12th Street with 100' of frontage on E. 12th Street would be required to provide 100 feet of frontage for pedestrian oriented uses. If access is taken from E. 12th Street with a width of 30', an additional 30' of frontage on Waller street could be used to meet the minimum requirements.

- D. Pedestrian Oriented Uses For the purposes of the East 12th Street NCCD, pedestrian-oriented businesses are defined as a use that serves the public by providing goods or services and includes the following uses.
